1. Which three statements accurately describe the evolution of the workplace and its impact on security? (Choose three.)

A. Mobility causes location borders to shift.
B. Cloud services cause end-user locations to shift.
C. Cloud services cause application borders to shift.
D. IT consumerization causes location borders to shift.
E. IT consumerization causes device borders to shift.

Answer: A, B, E

2. Which three are major trends that fuel the demand for routing and switching? (Choose three.)

A. Mobility
B. Video
C. Bandwidth optimization
D. Cloud
E. IT standardization

Answer: A, B, D

3. Which three statements accurately describe the evolution of the workplace and the importance of the network? (Choose three.)

A. Mobility causes location borders to shift.
B. Cloud services cause end-user locations to shift.
C. Cloud services cause application borders to shift.
D. IT consumerization causes location borders to shift.
E. IT consumerization causes device borders to shift.

Answer: A, C, E

4. Which two statements best describe the challenges that customers have to face when providing services in a borderless world? (Choose two.)

A. How do you control energy consumption of devices that are owned by employees?
B. How can you support video in the whole network?
C. How can you integrate cloud services seamlessly in your network?
D. Which type of firewall should you deploy?

Answer: B, C

5. Which statement does not correctly describe the impact of business video applications to the network?

A. Video applications rapidly increase the traffic within the network.
B. In order to ensure business quality video, video traffic needs to be prioritized.
C. Various devices with different capabilities need to be able to join video conferences.
D. Video conferences reduce the network load by eliminating the need to exchange files over the network in order to share information.

Answer: D
6. Which two statements accurately describe the impact of BYOD to the network? (Choose two.)

A. TCO is reduced because employees use their privately owned devices.
B. BYOD increases productivity, but IT must find ways to integrate the utilized devices seamlessly with wired as well as wireless networks.
C. BYOD adds the requirement to support multiple operating systems.
D. Corporate users expect the same look and feel when using their own devices.

Answer: B, C

7. Which three are main drivers for changing operations? (Choose three.)

A. change of market trends
B. change of competition
C. change of application software version
D. change of relative strengths
E. migration of the enterprise network to IPv6
F. migration to Cisco single-vendor networking solution

Answer: A, B, D

8. Which of the following statements best describes the strategic importance of the network?

A. The network is most important for internal applications.
B. The network is most important for providing customers with access to company services.
C. The network supports business processes by integrating people and devices with applications.
D. The network integrates internal and external users and their devices.

Answer: C

9. Which two statements describe the role of core technologies with regard to business processes? (Choose two.)

A. An end-to-end borderless network architecture builds the foundation for integrating people and tasks in changing market environments.
B. Operational agility is important for businesses today. A constant, stable core allows IT to focus on the rapidly changing applications.
C. In order to react to market changes, operations and processes have to be modified as well. The network infrastructure has to match the changed requirements.
D. Requirements to core technologies are rather static and are therefore independent of market changes.

Answer: A, C

10. Which three best describe the Cisco Borderless Network Architecture? (Choose three.)

A. Infrastructure and network services are the basis for user services.
B. A Cisco Borderless Network is based on a common network infrastructure.
C. Routers and switches provide transport services and operate at Layer 2 and Layer 3 of the Cisco Borderless Network Architecture.
D. A Cisco Borderless Network Architecture provides borderless network services.
E. User services are not part of the Cisco Borderless Network Architecture.

Thank You for Trying Our Product

We offer two products:

1st - We have Practice Tests Software with Actual Exam Questions
2nd - Questions and Answers in PDF Format

646-365 Practice Exam Features:

* 646-365 Questions and Answers Updated Frequently
* 646-365 Practice Questions Verified by Expert Senior Certified Staff
* 646-365 Most Realistic Questions that Guarantee you a Pass on Your First Try
* 646-365 Practice Test Questions in Multiple Choice Formats and Updates for 1 Year

100% Actual & Verified — Instant Download, Please Click
