Microsoft

Exam Questions 70-735

OEM Manufacturing and Deployment for Windows 10
NEW QUESTION 1
Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You mount an image of Windows 10.
You download 10 Windows 10 update packages to separate folders. Some of the update packages contain dependencies to the other update packages. You are unaware of the specific dependencies.

You need to add all the update packages to the image in the correct order.

Solution: You copy all the updates to the same folder. You run dism.exe/Add-Package once and specify the /PackagePath parameter once.

Does this meet the goal?

A. Yes
B. No

Answer: B

NEW QUESTION 2
Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You mount an image of Windows 10.
You download 10 Windows 10 update packages to separate folders. Some of the update packages contain dependencies to the other update packages. You are unaware of the specific dependencies.

You need to add all the update packages to the image in the correct order.

Solution: You run dism.exe/Add-Package once and specify the /PackagePath parameter for each folder that contains the updates.

Does this meet the goal?

A. Yes
B. No

Answer: B

NEW QUESTION 3
DRAG DROP
You are creating an image of Windows 10 for a new model of computers that will have Microsoft Office 2016 installed.
You install the Office Deployment Tool.
You need to install Office 2016. The solution must install Microsoft Word and Excel without installing any other Office applications.
Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

You have an image of Windows 10 Anniversary Update. You plan to deploy the image to several new computers. You must add Microsoft Office 2016 to the image. You have a Configuration.xml file that will be used to deploy Office 2016. The contents of the file are shown in the following exhibit.

```xml
<Configuration>
  <Add OfficeClientEdition="32" Channel="Current">
    <Product ID="0365ProPlusRetail">
      <Language ID="en-us" />
      <Language ID="fr-fr" />
      <Language ID="de-de" />
      <ExcludeApp ID="Access" />
      <ExcludeApp ID="Groove" />
    </Product>
  </Add>
  <Display Level="Full" AcceptEULA="FALSE" />
  <Property Name="AUTOACTIVATE" Value="0" />
  <Property Name="FORCEAPPSHUTDOWN" Value="FALSE" />
  <Property Name="SharedComputerLicensing" Value="0" />
  <Property Name="PinIconsToTaskbar" Value="FALSE" />
</Configuration>
```

Use the drop-down menus to select the answer choice that completes each statement based on the information presented in the graphic.

**Answer Area**

- The user interface for the Office 2016 installation will be in [answer choice].
- Office 2016 will be installed in [answer choice] mode.

**NEW QUESTION 6**
You are preparing a push-button reset solution. You extract a Windows Recovery Environment (Windows RE) boot image from an image of Windows 10. You plan to use scanstate.exe to capture several Windows desktop applications. Which two folders from the Windows Assessment and Deployment Kit (Windows ADK) should you include in the Windows CK build environment?

A. User State Migration Tool (USMT) and Windows Preinstallation Environment
B. Windows Preinstallation Environment and Common
C. User State Migration Tool (USMT) and Windows Setup
D. Windows Setup and Deployment Tools

**Answer:** C

**Explanation:**
